1. Artificial Intelligence
   Students with a secondary concentration in AI take five courses satisfying the area (a) and (b) requirements below. Students waiving out of CS221 may take an additional course in either area (b) or (c):
   a) CS 221**
   b) At least four of: 223A, 224N, 224U, 224W, 228, 229, 231A, 231N, 234, 238

2. Biocomputation
   Students with a secondary concentration in Biocomputation need to take five courses. Three of those courses must come from area (a) and the remaining two courses may come from either area (a) or (b):
   a) At least three of: CS 262, 270, 272, 273A, 274, 279
   b) Sufficient depth units from category (a) and the following: CS 228, 229, 231N, 233, 245, 246, 261, 264, 265, 268, 273B, 275, 325, 341, 345 (any suffix), 346, 362, 371, 373, 374, 375, 393*, 395*, 399*; AppPhys 293; BIOC 218; BIOE 332; Genetics 203, 211; SBIO 228

3. Computer and Network Security
   Students with a secondary concentration in Computer and Network Security need to take five courses. Those courses must satisfy the area (a) requirement and additional courses from area (b) should be taken if any area (a) requirements are waived:
   a) All of: CS 140 or 140E**, 144**, 155, 244, 255
   b) Sufficient depth units from category (a) and the following: CS 142, 190, 240, 244B, 261, 265, 340, 344 (any suffix), 355

4. Human-Computer Interaction
   Students with a secondary concentration in Human-Computer Interaction need to take five courses. Those courses must satisfy the area (a), (b) and (c) requirements. Students waiving out of one or both of the area (a) requirements should take additional courses(s) from areas (b) or (c):
   a) CS 147**, 247**
   b) HCI in CS – Any two of : CS 142, 148, 194H, 210A, 248, 376, any 377 (A/B/C…suffix), 448B; ME 216M
   c) Interdisciplinary HCI – Sufficient additional units from categories (a), (b), and the following: Broader CS (CS 221, 224N, 224U, 224W, 229, 231A, 231B, 242, 246, 341, 393*, 395*, 399*); Art Studio (ArtStud 160, 162, 163, 164, 165, 168, 264, 266, 267); Communication (Comm 224, 240, 266, 269, 272, 282, 324); Empirical Methods (Comm 314, Educ 200B, MS&E 125, Psych 252, 254, Stats 203); Learning Design & Tech (Educ 236, 239, 281, 338, 342); Man Sci & Eng (MS&E 185, 331, 334); Mech Eng (ME 203, 210, 216A); Music (Music 220A, 220B, 220C, 250A, 256A); Psych (Psych 204, 209); Sym Sys 245; any d.school class listed at http://dschool.stanford.edu, or any HCI class listed at http://hci.stanford.edu/courses/; such courses must be numbered 100 or above and be taken for at least 3 units to count for this requirement.

5. Information Management and Analytics
   Students with a secondary concentration in Information Management and Analytics need to take five courses satisfying the area (a) and (b) requirements below. Students waiving out of the area (a) requirement should take an additional course from either area (b) or (c) in its place:
   a) CS 145**
   b) At least four of: CS 224N, 224W, 229, 245, 246, 276, 345 (any suffix), 346, 347
   c) Sufficient additional units selected from category (b) and the following: CS 144, 190, 224S, 224U, 228, 229T, 231A, 231N, 233, 234, 240, 242, 243, 244, 244B, 249A, 251, 255, 262, 270, 272,
6. Mobile and Internet Computing
   Students with a secondary concentration in Mobile and Internet Computing need to take five courses satisfying the area (a) through (d) requirements below. Students waiving out of an area (a) requirement should take an additional course from areas (a) through (c):
   a) Two of: CS 140 or 140E**, 144, 244
   b) One of: CS 142, 147, 247
   c) One of: CS 155, 255
   d) CS 294S

7. Real-World Computing
   Students with a secondary concentration in Real-World Computing need to take five courses satisfying the area (a) and two of the three courses in the area (b) requirements below (i.e., three courses in area (a) and two courses in area (b)):
   a) At least three of: CS 148, 223A, 231A, 248

8. Software Theory
   Students with a secondary concentration in Software Theory need to take five courses satisfying the area (a)-(d) requirements below:
   a) CS 243
   b) At least one of: CS 244, 245, 341, 343, 345 (any suffix)
   c) At least two of the following: CS 242, 255, 261, 263, 264, 265, 266, 267, 268, 355, 367
   d) Sufficient additional units selected from category (b), (c), or the following: 250, 251, 294S*, 346, 362, 393*, 395*, 399*

9. Systems
   Students with a secondary concentration in Systems need to take five courses. Those courses must satisfy the area (a) requirement and additional courses should be taken from area (b):
   a) CS 140 or 140E**, 144**, 240
   b) CS 190, 242, 243, 244, 245, 248, 348B; Elect. Engr. 271, 282

10. Theoretical Computer Science
    Students with a secondary concentration in Theoretical Computer Science need to take five courses satisfying the area (a) and (b) requirements below:
    a) CS 154**, 261

    Note: Multiple CS359, CS369, and/or CS468 courses may be taken as long as they are each on different topics (denoted by different letter suffixes).

* With consent of advisor.
** Students with equivalent coursework may waive with the approval of their advisor.
