GENERAL INSTRUCTIONS: Before the end of your first quarter, complete a program sheet by filling in the number, name and units of each course you intend to take for your degree. Program sheets, as well as foundation course waiver forms, may be submitted electronically on the Gates Information Network at <http://gin.stanford.edu/> using your CS ID and password (click on the ‘Dashboard’ link). See <http://cs.stanford.edu/degrees/mscs/programsheets/psguide2021.pdf> for detailed instructions.

FOUNDATIONS REQUIREMENT: You must satisfy the requirements listed in each of the following areas; all courses taken elsewhere must be approved by your adviser via the foundation course waiver form. Do not enter anything in the “Units” column for courses taken elsewhere or for Stanford courses counted towards your undergraduate degree.

Required:	Equivalent elsewhere (course numbers/titles/institution)	Grade	Units
Logic, Automata & Complexity (CS103)			
Probability (CS109, Stat116, CME106, MS&E220, or EE178)			
Algorithmic Analysis (CS161)			
Computer Organ & Sys (CS107 or 107E)			
Principles of Computer Systems (CS110 or CS111)			

TOTAL UNITS USED TO SATISFY FOUNDATIONS REQUIREMENT (May not exceed **10** units.)

SIGNIFICANT IMPLEMENTATION REQUIREMENT: At least one course in your MS program should be designated as satisfying the Significant Implementation Requirement. Note that this course will also be used to satisfy some other requirement (i.e., Depth, or Elective). Letter grade only, must be taken at Stanford. Coterm students who took two of these courses at Stanford as undergraduates may waive this requirement. Deviations must be approved by the faculty director of the MS program, Prof. Omer Reingold.

Course Number:	Title:	Grade

Courses that may be used to satisfy the significant implementation requirement include: CS 140, 140E, 143, 144, 145, 148, 151, 190, 210B, 221, 227B, 231N, 243, 248, and 341.

BREADTH REQUIREMENT: Three courses, with each course chosen from a different Breadth area A, B, C or D. Breadth courses may not be waived, must be taken for at least 3 units each, and must be completed for a letter grade. Each of the three Breadth courses must be from different Areas. Note that these courses will also be used to satisfy some other requirement (i.e., Depth or Elective). Letter grade only.

ELECTIVES

List here any additional courses used to complete the 45-unit requirement for the MSCS degree. You may count up to a maximum of **3 units** of 1-2 unit seminars offered in the School of Engineering. All other electives must be taken for 3 or more units. CS courses numbered above 111, excluding CS196, CS198, and CS390A/B/C, are pre-approved as MS electives. Non-CS courses must be technical courses numbered above 100, related to the degree program, and approved by the adviser and the MS program administrator. *Note that CS 129 may not be counted towards the MS if CS 229 is being counted towards any BS or MS requirement.*
